INFRASTRUCTURE

2040 Vision | Shelby County is the natural choice to locate and expand, offering a robust, mixed economy within the thriving Birmingham-Hoover metro, from hi-tech corporations to 21st-century manufacturing companies. Our suburban and rural communities provide bountiful recreation, attractions, retail and authentic, mixed-use places for residents and visitors; and our regionally engaged innovation ecosystem empowers diverse talent to create and grow novel products and services.

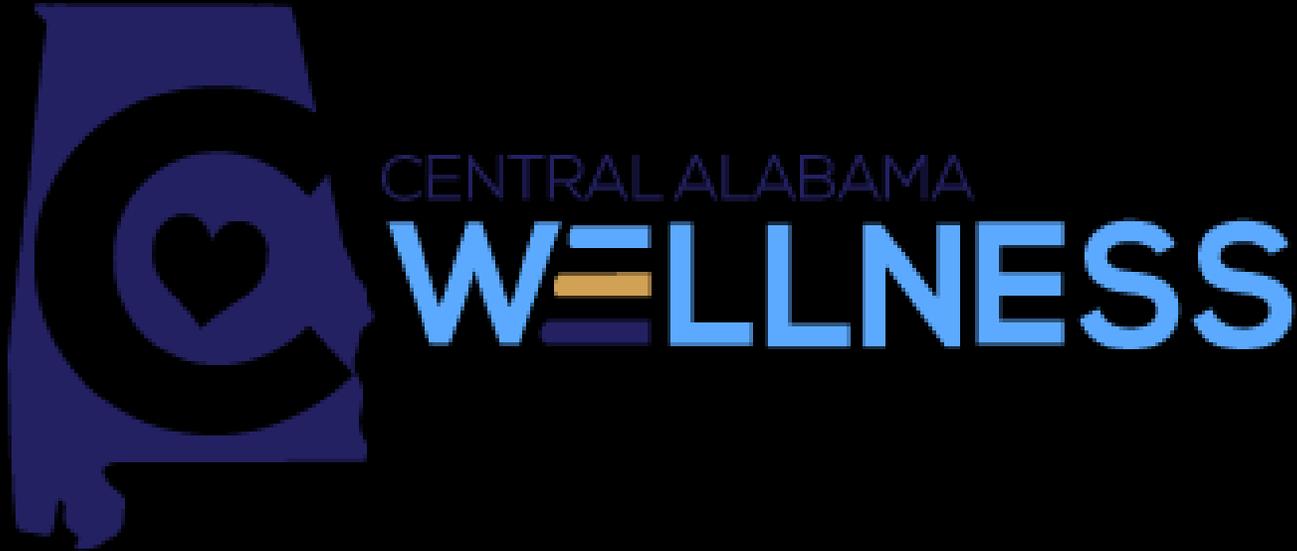

We are the Greater Birmingham Region

The Greater Birmingham Region is a unified network of partners from seven Central Alabama counties working collectively to enhance economic development, talent recruitment and tourism opportunities for the entire region.
